The screenshot shows the Flora Croatica Database Geoportal interface. At the top, there is a header with the logo and the text 'Flora Croatica Database Geoportal'. Below the header, there is a navigation bar with several tabs: 'HTRS96 (EPSG:3765)', 'HDKS', 'EPGS:4326', and 'EPGS:4326 (HDM)'. The main map area displays a satellite view of Croatia with a red location marker. To the left of the map is a sidebar with a list of themes and their settings. At the bottom of the map, there is a table of climate data (Klimatski podaci) with columns for cell code, origin, and various climate variables (Bio\_1 to Bio\_19).
