The screenshot shows the main interface of the Flora Croatica Database Geoportal. On the left is a sidebar with various layers and filters. The main area is a map of Croatia with a coordinate display at the top right showing 45° 24' 59" N 14° 13' 0" E (HTRS96:321301.54, 5033264.92). Below the map is a table of climate data.
